Mr. Dulles:

25X1

Col. White:

a) Raised the question of inviting the Director of the Bureau of the Budget to lunch to be followed by a briefing and received the Director's approval to set this up soonest.

b) Noted that after a considerable lapse of time we had devised procedures for implementing a foreign residency agreement to be signed by all personnel serving in overseas stations. Col. White said that since there had been no recurrent incidents which caused these procedures to be devised in the first place plus the fact that to implement them would cause a great deal of paper work, he recommended that no further action be taken other than on a case by case basis as necessary. He also pointed out we could not legally enforce a foreign residency agreement. The Director approved the DD/S recommendation.

Col. White asked if it would be necessary to confirm this [REDACTED]. After some discussion it was agreed this would not be necessary, however, a memorandum for the record would be made of Garrison's discussion. In response to a query from the Director, Col. White noted that the Bureau of the Budget has cleared the expenditure of \$588,000 for permanent construction at this location and understands that the [REDACTED] CIA a use permit only.
